

The map displays the Clifton CCD area, which is divided into 22 numbered precincts. The precincts are arranged in a grid-like fashion, with some areas shaded in light gray. Key features include:

- Precincts:** 1 through 22, with some areas shaded in light gray.
- Geographical Features:** Fort Apache Res (green), San Carlos Res (green), and Clifton CCD (orange).
- Precinct Labels:** APACHE 001, GREENLEE 011, CATRON 003, ARIZONA 04, NEW MEXICO 35, GRANT 017, HIDALGO 023, COCHISE 003, GRAHAM 009, and DUNCAN CCD.
- Inset Maps:** Three inset maps showing the location of the Clifton CCD area within the state of Arizona, labeled A, B, and C.
- Coordinates:** The map includes latitude and longitude coordinates along the top and bottom edges.

ABBREVIATION REFERENCE: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; TJA = Tribal Jurisdiction Statistical Area; TDSA = Tribal Designated Statistical Area; ANVSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CCD = Census Civil Division; CDP = Census Designated Place; BNA = Block Numbering Area

Figure 1 displays various map symbols and their corresponding labels, organized into two columns. The left column shows symbols for 'Highway' (a solid line), 'Secondary Road' (a dashed line), 'Jeep Trail/Walkway/Terray' (a line with cross-ticks), 'Railroad' (a line with cross-ticks and a central bar), 'Military' (a blue dotted rectangle), and 'Inset' (a grey rectangle with a dashed border). The right column shows symbols for 'Pipe/Power Line' (a line with cross-ticks), 'Ridge/Physical Feature' (a line with cross-ticks and a central bar), 'Property/Fence Line' (a line with cross-ticks), 'Nonvisible Boundary' (a line with cross-ticks), 'Stream/Shortline' (a blue line with wavy segments), 'Intermittent Stream' (a blue line with wavy segments and a dashed border), 'River' (a blue wavy shape), and 'Glacier' (a blue wavy shape with a dashed border). Each symbol is accompanied by its label in a matching color or style.

Where international, state, and/or county boundaries coincide, the map shows the boundary as established. For cities, the boundary coincides with the boundary of the city.

<sup>1</sup> A '\*' following a place name indicates that the place is also a false MCD the false MCD name is not shown.

<sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '.99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

<sup>3</sup> A '\*' following a block number indicates that the block number is repeated elsewhere in the block.

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
